STANLEY-ATHA
SLEDGES, MAULS & WEDGES

Stanley-Atha Sledges, Heavy Hammers and Mauls are forged from a high grade of steel, scientifically hardened and tempered and made to withstand rough usage. The Eyes are straight and true allowing the Handle to set square in the tool. The faces are machine turned and polished.

Stanley-Atha Wedges are forged from a high grade of steel, suitable for the work they are intended for.

Unless otherwise specified Sledges and Heavy Hammers are furnished without Handles.

STANLEY-ATHA HAND CHISELS and PUNCHES

STANLEY offers you a broad line of these tools—all the essential types, sizes and in various grades—to meet the requirement of the Automotive Mechanic, Carpenter, Machinist, Plumber and Sheet Metal Worker.

CHROME-VANADIUM ALLOY STEEL TOOLS

Our top line. Recommended for their greater "Work-Value." Now chromium plated to add to their appeal.

SILICON-MANGANESE ALLOY STEEL TOOLS

Strong, tough and sturdy tools that will stand up under hard use.

"A" Line

Attractively finished—highly polished on heads and bits with bodies finished in black baked enamel and yellow heads.

"B" Line

Quality the same as 'A" Line, with natural steel finish on bodies. Heads and bits polished.

CARBON STEEL TOOLS

"C" Line

Good tools, attractively priced.
For the occasional user or the farm tool box.
